Property Description:

Imagine That!

Imagine your home nestled in an idyllic, quiet location yet also part of a vibrant close-knit community. Imagine having a commute to work of just under 10 minutes yet be able to walk to the beach and public park. Imagine having all of the creature comforts in a high end, executive accommodation. There is no need to imagine that with this apartment! Set on the lower level of a hilltop property in Spanish Point, this two-bedroom, one-bathroom apartment is the perfect place to call home for a professional couple. As you enter you will see custom cabinetry that houses a large capacity washer and dryer which flows into the kitchen. The kitchen is fitted with custom made cabinetry and stainless-steel major appliances including an LG fridge, Bosch gas top range, oven and convection microwave, dishwasher and wine fridge. Featuring large, travertine tiles throughout, this spacious apartment with its generously sized living and dining area is suited to be configured in many ways. The two bedrooms are located just off the living area and tucked behind frosted screen doors, allowing natural light to filter through. Each bedroom also includes a generously sized closet. The bathroom mimics the kitchen with dark wood cabinetry and a granite vanity top. Working from home and internet is a must? High speed internet is included! Outside, a deep patio offers space for relaxing after work, entertaining friends or barbecuing in the summer. Parking is available immediately outside the front door and a convenient electric vehicle charging port is nearby. The property is close to town, near a beach, public transportation and convenience stores. Available in mid April, this apartment is not suitable for pet owners or smokers.
